Outer Space is thrilled to present a selection of works by Alex Olson and Katherine Porter for its inaugural exhibition.

Alex Olson is a painter living and working in Los Angeles, CA. She earned her Bachelor of Arts from Harvard University in 2001 and her MFA from California Institute of Arts in 2008.

“One of my favorite aspects of making paintings is that you can rewrite the rules of how we experience the world. My paintings have aspirational qualities, often being bolder, louder and more colorful than myself, with an eye towards design and fashion. They are aware of how they self-present but likewise show that they have multiple, alternative layers to choose from. They take familiar forms—a brushstroke, and judge while encouraging comfort with complexity.” - Alex Olson

Olson has exhibited extensively in the United States and abroad including solo shows at Altman Siegel Gallery, San Francisco, Paul Soto/Park View, Los Angeles, Shane Campbell Gallery, Chicago, Lisa Cooley NY, Laura Bartlett Gallery, London and others.

Her work was included in group shows at LACMA (Los Angeles County Museum of Art) and “Made in LA 2012” at the Hammer Museum and can be found in many public collections including at The Los Angeles County Museum of Art, The Museum of Contemporary Art Chicago, The Hammer Museum, The Walker Art Center and The Dallas Museum of Art.

On behalf of Alex, Outer Space will donate 5% of its profits from any sales of her work to Kimball Jenkins
